So you don't have a prologue... ~~prologue~~
expository flow is very important
(this was Heinlein's big contribution to SF -
gradual introduction of ideas)
- tell the story in play time (how?)

- cutscenes have to change the meaning of what
came before to be vital... or just don't
have cutscenes

"in media res is really just a teaser"
Oscar really regrets putting the prologue in Lost Boys
& recommends skipping it.

LOST begins as a Milieu story, then an Idea story,
& kind of ends as a Character story... which
makes it unsatisfying.

Oscar really hates the Peter Jackson adaptation of LOTR.
Esp. that rope instead of soil thing. Story not
resolved until the Shire is safe, & Frodo fails.
Having Merry & Pippin save the Shire is where it
really ends! (for Card)

make a short story into a novel

- episodes OR

- go earlier in time (a la Ender's Game - originally a
short story)

(- probably other ways to do it)

Oscar is a Fan of Game of Thrones.
"I rack up really competitive scores in millipede."
